Any organization wishing to sponsor or hold a Special Event in the City of Plymouth will be required to complete the City of Plymouth Special Event Application.

A Special Event within the City of Plymouth that will be conducted on the streets, parks or other public areas is required by Ordinance Section 54-156, as amended, to be approved by the City Commission. Applications to conduct a Special Event must be made in writing to the Office of the City Manager. Applications are available from the City Manager's Office or the City Clerk's Office. Applications shall be submitted to the City Manager's Office no later than twenty-one (21) days prior to the date of the actual event.

The City of Plymouth may waive the twenty-one (21) day rule only in extreme cases for events that may involve some type of security issue (*i.e. Presidential Visit*).

The City of Plymouth may hold its own Special Events, it may contract with one or more organizations to perform Special Event services, or it may jointly sponsor a Special Event with one or more organizations. In such cases, the City Administration and the participating organizations shall submit a Special Event Application to the City Commission which shall include a presentation of the City's financial participation and the related organizations' financial participation. Consideration for joint sponsorship with the City is considered during the budget appropriation process during the first quarter of the calendar year.

The City will provide a complete review of any Special Event Application, including consultation with the applicant as may be reasonably necessary to resolve problems, at no charge to event sponsors.

Sponsors of Special Events should be aware that noise generated by the event could have an impact on the neighborhoods near the event site. Sponsors must be considerate of the neighborhood and be aware of the City Noise Ordinance (Attachment A to this Policy).

It shall be the policy of the City Commission to not routinely require insurance coverage for events classified by the Special Event Committee as Class 1 - Low Hazard. These would be events that include no physical activity by participants and no severe exposure to spectators. This waiver of the insurance requirement is meant to cover small gatherings or ceremonies that do not involve more than 50 people, are limited to passive participation by the public, and require no City services. All other events are required to provide insurance as outlined in this policy.

The Special Event Committee may place additional requirements on any event. These requirements may include specific staffing levels for Police, Fire, (the City designates Huron Valley Ambulance as Event Medical Control) Paramedic, Municipal Services or other personnel. Expenses for these requirements will be billed to the sponsoring organization under the terms of this policy.

The Special Event Review Committee will review each Special Event Application received and assess the potential liability risk of the City of Plymouth, based on the following risk categories:

As a result of the review of the event by the Special Event Review Committee the City Commission may place special conditions on the event. A member of the Review Committee shall be available to meet with event organizers to review the special conditions and insure that all conditions are met before the event begins. Some events may require that a member of the Special Event Review Committee or their Designee to be on site during the event.

Any member of the Special Event Review Committee has the authority to cancel or stop an event if the special conditions required for approval of the event are not being met. In addition, the members of the Special Event Review Committee and City public safety officials have the authority to cancel or stop an event, or place additional restrictions on the event, if it is deemed that the public health, safety or welfare would be better served with additional restrictions.

The Special Event sponsor shall be responsible for complying with all traffic control and safety procedures required by the City during the event. The requirements will be indicated in the notice of approval, and additional requirements may be made by the City during the event as may be necessary for the safety of the public. It should be noted that the City of Plymouth does not allow solicitations of any kind in the street. The City of Plymouth accepts no responsibility or liability for the safety of persons who may, against the policy of the City, make solicitations in the streets. **Please refer to Attachment C of this policy for additional Fire Safety information.**

No Special Event Reservations/Applications which require road closures will be considered for events that occur on the following days known as; Mother’s Day, Easter Sunday, Thanksgiving Day, Christmas Eve, Christmas Day, New Year’s Eve and New Year’s Day.

b) **Limits on Events Requiring Significant Road Closures Outside of DDA District**

Special Events which require significant road closures or traffic stops/holds outside of the Downtown Development District are generally not allowed. The City will only allow a total of six event dates throughout the year that require multiple road closures or traffic stops/holds outside of the Downtown Development District. Events which require significant road closures or traffic stops/holds shall be defined as, but are not limited to; running races, bicycle races, car/cart events, timed events, parades, and events using streets for participants or participant activities. This restriction is based on the potential negative impacts on traffic flows and the delivery of emergency services in our residential neighborhoods.

The six dates each year include event dates that are approved or reserved. Any currently operating annual event which has a date approved or reserved in the current year shall have first opportunity continue to reserve a date in the following year for their event in accordance with Section 12.16.

12.15. TWO OR MORE APPLICATIONS FOR THE SAME EVENT DATE:

In the event that two or more Special Event Applications are received for the same date and time prior to the approval of either event, the date and time that each application was received by the City of Plymouth shall determine the order of preference. Once a Special Event Permit has been granted, it shall be the policy of the City Commission to not award further permits for the same date, time and general location.

In the event that two or more Special Event Applications are received at the same time for the same date and time, the City Administration shall attempt to resolve date and time conflicts with the sponsors of each application.

12.16. RESERVATION OF ANNUAL EVENT DATES:

If an event is intended to be an annual event at regularly scheduled dates, the current year's application may include the following year's requested dates. Approval of the current year's application will include reservation of the next years-proposed dates; however, it will not constitute approval of next year's event, which must have its own timely application submitted for City approval. In general, the City will not approve Special Event dates more than one year in advance.

In all cases preference for scheduling shall be given in the following order:

- a. City Sponsored Events

(a) The City Manager is authorized to grant a temporary exemption from the maximum permissible sound levels established by this division if such temporary exemption would be in the public interest and there is no feasible and prudent alternative to the activity, or the method of conducting the activity, for which the temporary exemption is sought.

(b) The following factors shall be considered by the City Manager in determining whether to grant a temporary exemption:

(1) The balance of the hardship to the applicant, the community and other persons in not granting the variance against the adverse impact on the health, safety and welfare of persons adversely affected and any other adverse effects of the granting of the variance.

(2) The nearness of any residence or residences, or any other use which would be adversely affected by sound in excess of the limits prescribed by this division.

(3) The level of sound to be generated by the event or activity.

(c) A temporary exemption must be in writing and signed by the City Manager or his/her designee. The exemption must set forth the name of the party granted the exemption, the location of the property for which it is authorized, the date(s) and times(s) for which it is effective and the dB(A) level(s) authorized.

(d) A temporary exemption may be granted only for the period of time that is reasonably necessary to conduct the activity, which in no case may exceed 30 days.

(Ord. No. 98-1, § 1, 5-4-98)

Sec. 34-93. Variances.

Person(s) or businesses wishing to continue activities which commenced prior to this division that exceed the dB(A) levels enumerated in this division may seek a variance from the City Commission. (Ord. No. 98-1, § 1, 5-4-98)

Sec. 34-94. Liability of owner, lessee, or occupant.

If the person responsible for an activity which violates this division cannot be determined, the owner, lessee or occupant of the property on which the activity is located shall be deemed responsible for the violation.
